For further details, please go to: alumni.utep.edu

MINERLINK

THE UNIVERSITY OF TEXAS AT EL PASO

MINERLINK is an exclusive online communication and engagement platform for UTEP Alumni.

Accessing MINERLINK is easy. Alumni can visit the website utep.edu/minerlink to create a profile that will allow them to sign in regularly. The website's search component allows users to search for UTEP alums by name, class, employer, city, state or major. Also, while on the site, users will learn about different UTEP initiatives in which they can participate. For example, alumni can sign up for volunteering or mentoring opportunities, as well as share their own success stories for others to read. We want to encourage alumni to use their skills and talents - as well as their life experiences - to help current UTEP students who are on their own journey toward success.
